

The background is a solid blue color with a faint, repeating pattern of a person's face, likely a portrait of a man, rendered in a lighter shade of blue. The pattern is slightly blurred and repeats across the entire image.

ARTIST STATEMENT

The Drang Gallery is proud to present a new collection of paintings and print by Charles Hollywood.

The Charles Hollywood pseudonym was born as a psychological fusion of the regal history of England, and the glitz and glam of America. Hailing from a background in psychology, the brothers behind Charles Hollywood have combined their minds to create artwork that is both stimulating and engaging.

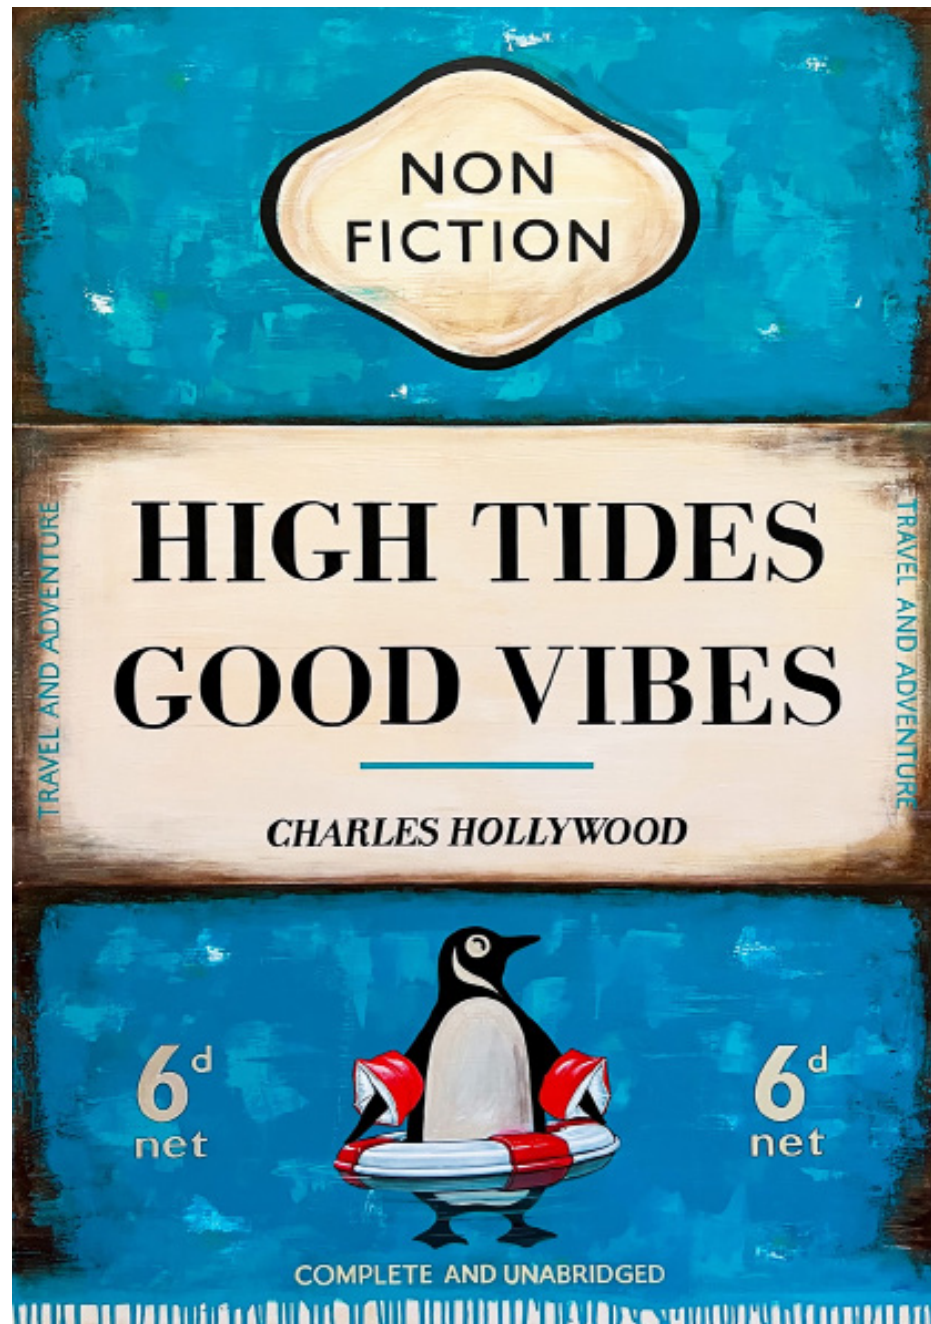

The artist duo put heavy emphasis in to the titles of these works and the messages they convey, with each canvas being worked by hand through a combination of techniques. This latest collection is an evolutionary graduation of the early artwork covers that founded the brothers' artistic career.
